DOUBLE WEBBED LIFTING STRAPS PAINT PROTECTION TECHNOLOGY ON STRAPS

TRUCK LUG STRAPS \$369.80 EACH

2" X 6'SKU: ST-LUG 6'

2" X 6' / 7'SKU: ST-LUG OFFSET

2" X 8'SKU: ST-LUG 8'

This strap is used with a truck mounted crane to lift on the lugs of a 1,000 gallon or smaller tank when loading. If you have a non-remote controlled crane the operator will have better control over the tank with the offset truck lug straps. 88Nylon, 2 inches wide 8 feet long Synthetic Web Sling. Working Weight Load Limit: @60 degrees 10,300lbs @45 degrees 8,400 lbs @30 degrees 6,000lbs

ADJUST-A-LINK 14' \$426.00 EACH FOR 500 GALLON TANKS & SMALLER

SKU: ST-ADJA LINK 14

ADJUST-A-LINK 20' \$540.00 EACH FOR 1,000 GALLON TANKS & SMALLER

SKU: ST-ADJA LINK 20

The Adjust-A-Link chain sling comes in 2 different sizes to accommodate your needs. The quick and easy adjustable chain allows your crane easy access to a variety of tanks with only one tool necessary. The center plate allows you to quickly select the appropriate length of chain so you can change the distance between the tank and the crane.

DOT TRUCK EXEMPTION STRAP \$239.00 SET

SKU: ST-EXEMPTIONTRUCK

Steel D-ring provides a steel-on-steel attachment point. Strap sleeve protects the tank legs from strap wear. 156 Inch long Web Sling Choker Working Load Limit: 2,480 lbs Strap has four positions: 120gal / 250gal -350gal / 500gal / +500gal **COMES WITH 2 STRAPS - SOLD AS SET.**

TRUCK CHOCKER SET \$299.00

SKU: ST-CHOCKER SET

Set Includes: 2 - flat polyester flat eyes strap, 2 inches wide 16 feet long. 2 - black protective sleeves. Working Load Limit: Vertical 6,400 lbs Choker 5,000 lbs Basket 12,800 lbs This strap should be used in conjunction with a tank truck crane to safely lift a 1,000 gallon tank by placing the strap around the tank in the choker position outside the legs and joining the ends to connect to the crane hook. The black sleeve also protects the strap from cuts wear. This can also be used to pick up smaller tanks in the basket position. The strap is formed using double webbing for added strength and durability.

420 CYLINDER UPRIGHT SLING \$379.00 EACH

SKU: ST-420 SLING

Custom designed with superior quality. NEW with colored straps so you can always find the top and bottom with ease. The Fisk cylinder sling is the only sling on the market to lift and protect your propane tank. With flaps on the inside of the ratchet and all metal parts, the paint job on your cylinder racks will stay fresh and scratch free. Designed specifically for the propane industry.

TANK SADDLE \$379.00 SET

SKU: ST-X SADDLE SET Aluminum X brace construction. Super Strong, Super Light. Angled top eliminating tank rolling or sloshing of product. White, non-marking rubber bumpers. (replaceable) Ergonomic handle. Fits 120gal through 1,000gal tanks. Conforms to DOT special permit 13341. 6" wide x 6" high x 16" long. 8 pounds each.

1075 PLACARD **\$34.00** EACH

SKU: DE-1075 PLACARDS

1005/1075 placard system for displaying D.O.T. required warnings. Mount ready frames. Includes one placard. Pictures show each flap of 1 placard. 3 Flaps allow for a blank display, 1075 display & a 1005 display all in 1 placard system!

PLACARDING SYSTEM **\$389.00** SET

SKU: ST-1075 SYSTEM

4-Way D.O.T. placarding system. (meets ALL D.O.T. rules and regulations) Easy to use and installs in less than one minute. One two-way strap (right and left) & two end straps (front and rear). Heavy-duty construction. Adjusts from 120gal to 1890gal tanks. 1075 Decals are coated with a scratch resistant coating and are replaceable. Powder-coated aluminum backplate, white non-marking bumpers.

D.O.T. rule: ALL NON-VIRGIN propane tanks need to be placarded on the propane vessel during transport. 500gal on down tanks need to be placarded on the right and left sides. Above 500gal capacity, ALL FOUR SIDES of the tank must be placarded.

NO DRILL BUMPER PLACARD HOLDER

\$139.00 EACH

SKU: TX-1075 BUMPER MOUNT

Fits most placards. Easy install. Everything you need is included. This unit allows for the mounting of a front facing 1075 placard to the bumper of a tank truck. In order to make this product last in harsh weather conditions it is made of 100% 304 stainless steel.

\$499.00 EACH

ADJUSTABLE 0.5" POLY HOLDER

SKU: F-ACCS-PY-00010 001

ADJUSTABLE 0.75" POLY HOLDER

SKU: F-ACCS-PY-00020 001

TANK-JAK **\$649.00** EACH

SKU: TJ-TANK JAK

Takes the place of boom truck or tank carrier to reset, block, paint and re-level LP tank. Designed for use on 120 up to 1000gal LP tanks. Chains secure jack to tank for safe raising/leveling. Lift pad and chains are booted to prevent paint scratching. Safe, durable and strong construction. Compact design. Efficient jack screws offers anti-drop feature. Provides accurate LP Tank Float Gauge readings after re-leveling. Lift, Reset and GO! Economical cost and simple to operate. One person can easily perform lifting, leveling, painting & re-setting operations. Works with ANY size propane tank. Lift one end up to 14' off the ground. Eliminates time & expense of having crane truck or tank carrier on site. **FULLY ASSEMBLED "READY-TO-USE".**
